TOWN OF COHASSET.

TOWN CLERK'S REPORT

For 1907.

Doings of the TOWN OF COHASSET.

REPORT OF THE TOWN CLERK.

Extracts from the Town Records.

At a legal meeting of the inhabitants of the Town of Cohasset, qualified to vote in elections, and in town affairs, held at the Town Hall in said Cohasset this fourth day of March, 1907, agreeably to a warrant duly executed and served for holding the same the several articles contained were acted upon as follows:

Article 1. To choose a Moderator to preside in said meeting.

Chose, Philander Bates, Moderator.

Article 2. To give in their votes upon the Official Ballot for a Town Clerk for one year, one Selectman, one Assessor, one Overseer of the Poor for three years, a Collector of Taxes for one year, a Treasurer for one year, two members of the School Committee for three years, seven Constables for one year, one Auditor for one year, one Tree Warden for one year, to give in their votes upon the Official Ballot: No or Yes upon the question "Shall licenses for the sale of intoxicating liquors be granted in this town the current year, in accordance with

Chapter 100, Section 10, of the Revised Laws." To give in their votes upon the Official Ballot No or Yes upon the question of accepting the provisions of Section 20 of Chapter 106 of the Revised Laws and Acts in amendment thereof which Section reads as follows:

"In a city or town which by a vote taken by ballot at an annual election accepts the provisions of this section, or has accepted the corresponding provisions of earlier laws, eight hours shall constitute a day's work for all laborers, workmen and mechanics who are employed by such city or town.

If a petition for such vote signed by one hundred or more registered voters of a city or twenty-five or more registered voters of a town is filed with the city or town clerk, respectively, thirty days or more before an annual election such vote shall be taken at such election."

The polls for the reception of ballots will be opened after a Moderator is chosen, and be kept opened until one o'clock P. M., and for such further time as the voters present by vote shall determine.

Previous to taking up Article 2 the following Election Officers were sworn by the Moderator: Thomas L. Bates, Edgar W. Bates, Frank W. Wheelwright, Spencer H. Stoughton, George A. Stewart, George L. Davenport, Abraham J. Antoine and George P. Neagle. The ballot box was examined and found to be empty, the dial was placed at 000 and locked, and all the preliminary requirements of law having been complied with, the balloting commenced and was continued until one o'clock, when they were by a vote closed.

All the ballots given in were sorted, counted and recorded as by law is directed and the following declaration was made by the Moderator:

The whole number of ballots cast were 487, and was as follows:

	James A. Washington.

Article 11. Will the town cause the financial report to be printed and distributed in the month of February, 1908?

Voted, In the affirmative.

Article 12. Will the town authorize the Selectmen to place four electric lights on Doane Street, said lights to be placed as follows: One opposite residence of Arthur C. Litchfield, one opposite Hook and Ladder House, one opposite residence of

Robert L. Curtis, and one opposite residence of Theo. Matheis; or act on anything relating thereto?

Voted, That they be so authorized.

Article 13. Will the town raise and appropriate a sum of money for the purpose of installing a fire alarm box at the corner of Beechwood and Doane streets, or act on anything relating thereto?

Voted, That one hundred dollars (\$100) be raised and appropriated for the purpose.

Article 14. Will the town appropriate the sum of one thousand dollars (\$1,000) to prevent the illegal sale of liquor; or act on anything relating thereto?

Voted, That the sum of one thousand dollars (\$1,000) be appropriated.

Voted, That this vote be reconsidered.

Voted, Not to appropriate the above amount.

Voted, That the sum of nine hundred dollars (\$900) be appropriated and placed in the hands of the Selectmen for above purpose.

Article 15. To hear and act upon the report of the Selectmen as to the title to a strip of land and rocks on the east side of Jerusalem Road, lying south of land belonging to Ellen K. Kendall to land of the estate of Matthew Luce.

Voted, That report be accepted and adopted.

Article 16. Will the town appropriate the sum of eight hundred dollars for the purchase of Lawrence Wharf for a public landing place, as recommended by the Committee on Beach Privileges, or act on anything relating thereto?

Voted, That the sum of eight hundred dollars (\$800) be appropriated.

Article 17. To act upon the report of the Committee on James Brook.

Voted, That the report of Committee be accepted without any of the recommendations and Committee be discharged.

Article 18. Will the town construct a system of sewerage for the relief of the region around James Brook as suggested in the reports presented by the Committee and printed in the Town Report, and appropriate the sum of fifteen thousand dollars (\$15,000) for said construction, or act on anything relating thereto?

Voted, That this article be passed over.

Article 19. Will the town declare the condition of James Brook an nuisance and instruct the Board of Health as suggested in the report of the Committee on James Brook, and appropriate the sum of twenty-five hundred dollars (\$2,500) for purposes named, or act on anything relating thereto?

Voted, Not to declare the condition of James Brook a nuisance.

Voted, That the Board of Health be instructed as suggested in the report of the Committee on James Brook, and that twenty-five hundred dollars (\$2,500) be appropriated for purposes named by Committee.

Article 20. Will the town purchase the Whitehead property as surveyed by Daniel N. Tower, November, 1899, and containing twelve (12) acres, for the sum of twenty-two thousand five hundred dollars (\$22,500), or take any action relating thereto?

Voted, That this article be passed over.

Article 21. Will the town raise and appropriate the sum of six thousand six hundred dollars (\$6,600) to build a bridge and flood gates across Nichols Road at the place commonly known as Cat Dam, to drain and flush the marshland lying to the eastward of said Nichols Road, or act on anything relating thereto?

Voted, That the town appropriate the sum of six thousand six hundred dollars (\$6,600) for above purpose.

Voted, That Messrs. William Faxon, Jr., William R. Sears and the Selectmen be, and are hereby appointed, a committee in behalf of the town, with full powers to carry out the vote of the town, duly passed at the town meeting, held March 4, 1907, relating to the bridge and gates at Cat Dam, and to build said bridge and gates in accordance with said vote.

Article 22. Will the town raise and appropriate the sum of two hundred dollars (\$200), to be expended by the Board of Fire Engineers for a public entertainment or celebration of the one hundredth anniversary of the Cohasset Fire Department, or act on anything relating thereto?

Voted, That this article be passed over.

Voted, To take up Article 27.

Article 27. Will the town raise and appropriate the sum of eleven hundred dollars (\$1,100), to be expended for the erection of a tower, bell and striking apparatus for fire alarm at North Cohasset, or act on anything relating thereto?

Voted, That the sum of eleven hundred dollars (\$1,100) be raised and appropriated for tower, bell and striking apparatus for fire alarm at North Cohasset.

Article 23. Will the town appropriate the sum of three hundred dollars (\$300) for further improvements on the town baseball field on Lincoln Hillside, or act on anything relating thereto, the ultimate object being a complete town athletic field?

Voted, That the sum of three hundred dollars (\$300) be appropriated.

Article 24. Will the town raise and appropriate a sum of money to curb the sidewalks on Main Street, from the junction of Depot Avenue and Main Street to Brook Street,

also curb the sidewalks on Brook Street, and the sidewalks on Elm Street, from junction of Brook and Elm Streets to Main Street, or act on anything relating thereto?

Voted, That this article be passed over.

Article 25. To determine the number of Constables to be elected at the Annual Town Meeting in March, 1908.

Voted, That there be five (5) Constables.

Article 26. To hear and act upon the report of any Committee heretofore chosen or appointed.

No Committee.

Voted, That this article be passed over.

Article 28. Will the town raise and appropriate the sum of one hundred dollars (\$100) for the purpose of installing a fire alarm box at the junction of Atlantic Avenue and Margin Street, or act on anything relating thereto?

Voted, That the sum of one hundred dollars (\$100) be raised and appropriated.

Article 29. Will the town raise and appropriate one thousand dollars (\$1,000) for special repairs on Atlantic Avenue, from Pleasant Beach to fountain, corner of Beach Street and Atlantic Avenue.

Voted, That the sum of one thousand dollars (\$1,000) be appropriated from the Highway appropriation.

Article 30. Will the town appropriate a sum of money not to exceed one hundred and fifteen dollars (\$115) to properly equip the police officers with registering devices for automatically recording their tours of night duty?

Voted, that one hundred and fifteen dollars (\$115) be appropriated.

Voted, That the thanks of this meeting be extended to the Moderator for the able and impartial manner in which he has presided over it.

Voted to adjourn.

HARRY F. TILDEN,
Town Clerk.

SPECIAL TOWN MEETING.

At a legal meeting of the inhabitants of the Town of Cohasset, qualified to vote in elections and in town affairs, held at the Town Hall, this tenth day of August, 1907, at eight o'clock P. M., agreeably to a warrant duly executed and served for holding the same, the several articles contained were acted upon as follows:

Article 1. To choose a Moderator to preside in said meeting.

Chose, Philander Bates, Moderator.

Article 2. To see if the town will instruct the Selectmen to oppose the petition of Caleb Lothrop as executor of the estate of the late James W. Nichols, for a license to sell certain real estate belonging to said James W. Nichols estate, for the sum of twenty-five hundred dollars (\$2,500), as is more specifically set forth in said petition now pending in the Probate Court for the County of Norfolk.

Voted, That the Selectmen be so instructed.

Article 3. Will the town vote to elect the Board of Health at the annual meeting in March, 1908, by the Official Ballot?

CONVENTION OF TOWN CLERKS.

Third Plymouth District.

On the fifteenth day of November, A. D. 1907, the Town Clerks of Hingham, Cohasset and Hull, said towns comprising the Third Plymouth Representative District, assembled at the office of the Town Clerk in Hingham at 12 o'clock, noon, for the purpose of examining the returns of votes given in, and determining who had been elected to represent said District

in the General Court, to be holden at Boston on the first Wednesday in January, 1908, proceeded to canvass said returns and found the ballots given in for the several candidates to be as follows:

	Hingham	Cohasset	Hull	Total
Elmer L. Curtis of Hingham.....	468	191	143	802
Joseph E. Grassie of Cohasset.....	153	265	39	457
Harold G. Leavitt of Hingham.....	23	3	6	32
Blanks	675	483	195	1353

It appearing that Elmer L. Curtiss of Hingham had received a plurality of the votes given in, a certificate of election was issued to him.

FRED H. MILLER,
 Town Clerk of Hingham,
 HARRY F. TILDEN,
 Town Clerk of Cohasset,
 JAMES JEFFREY,
 Town Clerk of Hull.

The above list comprises fifty-eight names, and includes eighteen who have died in other places, who were either residents of this town or were brought here for burial. Of the forty who died in this town twenty-three were males and seventeen were females, and their average age was fifty-seven years, three months and two days. Nineteen were born in Cohasset, one in Weymouth, one in Harwich, one in Ashburnham, one in Brimfield, four in Boston, five in Maine, one in New Hampshire, one in New York and six in foreign countries.

Three were under five years, one between five and ten, none between ten and twenty, four between twenty and thirty, one between forty and fifty, six between fifty and sixty, seven between sixty and seventy, eight between seventy and eighty, five between eighty and ninety, and three over ninety years of age.

HARRY F. TILDEN,
Town Clerk.

ANNUAL REPORT

OF THE SELECTMEN

For the Year Ending Dec. 31, 1907.

ANNUAL REPORT OF THE SELECTMEN FOR THE YEAR ENDING DECEMBER 31, 1907

The Selectmen in presenting their annual report of expenditures would respectfully call attention to several matters contained in said report. In the Town Hall a new floor has been laid in the old school room adjoining the lower hall and the small room over the lockup has been fitted up for use by the sealer of weights and measures. A cabinet built for the scales and weights needed to test those in use by the sealer. This has been done at the request and order of the State Sealer of Weights and Measures that the Town may comply more fully with the requirements of the law.

The Piano in use in the Hall was presented to the town by Mr. Joseph W. Wood who purchased the Aldrich property on Jerusalem Road. Mr. Wood had no special use for it, and while it is not an up-to-date instrument your Selectmen accepted it gratefully, thinking it would be useful in the Hall for some years.

It will be noticed, that no list of Jurors is printed in this report the law having been changed by the Acts of 1907 and so far as it relates to towns is as follows: "Selectmen of towns shall annually before the first day of July prepare a list of such inhabitants of the town of good moral character, of sound judgment and free from all legal exceptions not absolutely exempt from jury service as they think qualified to serve as jurors.

Jury lists prepared as above provided, shall before the first day of August of each year be printed with the address and occupation of each juror and a copy thereof shall be delivered to the clerk of the town to which such list relates, and

to the clerks and assistant clerks of the supreme judicial and superior courts in the county in which such town is situated, to be by said clerks and assistant clerks kept for the use of said courts."

The expenditure of Board of Health is increased by persons being quarantined in cases of Scarlet fever, the law is as follows: "When the Board of Health of a city or town shall deem it necessary in the interest of the public health to require a resident wage-earner to remain within his house or place or otherwise to interfere with the following of his employment, he shall receive from such city or town during the period of his restraint compensation to the extent of three-fourths of his regular wages, provided however that the amount so received shall not exceed two dollars for each working day."

The Board of Health have caused a filter-bed to be constructed in connection with a cess-pool on the estate of the late Dr. Bridgham the overflow of which emptied into James Brook. It has proved a success, as the water flowing from the filter-bed is clear.

Notice has been served on all the persons who have not built tight vaults or cess-pools, living on or near James Brook to build them before May 1st, 1908 and cease letting the overflow run into said brook.

The following is a list of expenditures:

EXPENDITURES.

**Town of Cohasset for the Year Ending December 31, 1907,
by the Selectmen.**

**REPORT OF THE
OVERSEERS OF THE POOR**

REPORT OF THE OVERSEERS OF THE POOR

For the year ending December 31, 1907.

As indicated in our last report, as soon as the weather permitted the Superintendent and inmates of the Almshouse on King Street moved to the Cohasset Home on Pond Street.

Several persons have been admitted to the home during the year, among them Mrs. Roxanna Creed and Daughter who were in no condition to care for themselves at their home, and were removed to the hospital ward of the home where nurses, medical attendance and medicines were provided which service added somewhat to the expenses of the home. The Overseers expect reimbursement from their estate as far as their interest in it will allow. Both of them died the same week after a residence at the home twenty-nine weeks.

Mr. Southward Pratt died at the home after being cared for since July, 1904, being helpless for more than a year, requiring the services of a nurse.

Mr. John R. Colbrith after being cared for the last five years died suddenly at the home. Mr. Colbrith was known about town as Gen'l Grant and served in the war of the rebellion in a Maine Regiment.

The expense of the home shows an increase over last year while the outside relief shows a decrease as predicted by the Overseers in their last report.

It will be the policy of the Overseers to place in the home all applicants for relief unless the laws of the Commonwealth prevent or the relief is temporary, and we confidently expect a reduction of the expense at the home the coming year and also in the amount of outside relief. From the Lothrop trust funds is received the income which is applied toward the care of J. J. Lothrop. David Lyons who served in the war of the rebellion in a New Hampshire regiment receives a pension

which he turns over to the Overseers towards his support, and Mrs. J. J. Sullivan contributes towards the support of her Mother, Mrs. Hammond.

This report shows the amounts paid last year and this on the Cohasset Home which was furnished anew throughout and is in all respects an institution that the citizens and tax payers of the town may well feel proud of.

Any persons who have not visited the home are cordially invited to do so on the regular visiting day Wednesday of each week.

The following is an account of expenditures and receipts for the support and relief of the needy:

Paid Harry F. Tilden, grain.....	\$137 85

Overseers of the Poor.

December 31, 1907.

REPORT OF
SUPERINTENDENT
OF STREETS.

REPORT OF THE SUPERINTENDENT OF STREETS

For the year ending December 31, 1907.

To the Board of Selectmen:

Gentlemen:—The work upon the highways and sidewalks has been carried on much the same as in years past in an endeavor to keep them in good condition for travel. An aid in this work was the amount of No. 3 cracked stone secured in the fall of 1906. The only work of any magnitude was done in widening the bridge at the junction of Border, Elm and Summer Streets, ordered by the County Commissioners nearly two years ago. The work was delayed on account of not being able to get a license from the Harbor Commission until last July to make the widening and fill in with gravel, and again delayed by the non-removal of the buildings upon the location. As the property has changed owners it is expected the work will be finished early in the coming season. After the spring work was over the steam roller was let to M. J. O'Hearn for ten or fifteen days but was kept in service over seventy days on roads at Dreamwold, Scituate. The account shows the amount received. The roller was repaired by putting new tubes in the boiler and inspected by a State Inspector before going upon the roads. The account shows the expense of this work. I would recommend the sum of \$9,000.00 be appropriated at the annual town meeting, which with the amounts unexpended and to be received will make the total about the same as last year.

The following is a list of the amounts paid for gravel crushed stone, teams and labor on highways and sidewalks.

Appropriation	\$10,000 00
Received for use of Roller.....	936 00
	<hr/>
	\$10,936 00
 Paid Manuel R. Silvia, labor.....	 \$48 10
William Mulvey, team, 1906.....	42 50
Stephen Reilley, labor, 1906.....	285 50
Stephen Reilley, labor.....	383 40
James D. Lincoln, stone, 1906.....	58 75

REPORT OF SCHOOL COMMITTEE.

To the School Committee of Cohasset:—

I have the honor to submit to you my tenth annual report, which is the twentieth in the series of annual reports of the superintendent of schools of the town.

The year has been marked by decided progress and improvement in our school system. A high standard of instruction has been maintained, and increased educational advantages have been offered by the introduction of medical inspection and manual training.

The health and comfort of the children have been assured, and individual requirements have been considered very carefully.

We have endeavored to give all pupils the benefit of intelligent, well-directed instruction suited to their immediate needs.

Differences in power to learn and assimilate have been taken into consideration in conducting the work of each class, and as individuals the pupils have received encouragement and assistance whenever it has been necessary to arouse or sustain mental activity.

Individual instruction has improved the work of the schools. This improvement has been shown by the increase in the number of irregular promotions and the decrease in the number of failures when the regular promotions were made in June. It is possible for those pupils who learn more rapidly than the rest of the class to advance to higher division and then to the next grade without disturbing the regular work of the schools. Each pupil is judged by his own standard, and his advance

is governed by his growth in power to accomplish work understandingly. In order to carry out this plan successfully the best teachers are required, and we are very fortunate in having a strong efficient teaching force. The demand for good teachers is greater than the supply, and the larger towns and cities that offer higher salaries place us at a great disadvantage.

Formerly considerable experience was demanded of candidates for positions in large schools, and young teachers were content to remain in the smaller towns at moderate salaries for several years, but with the advance in professional training in the colleges and normal schools long experience became less imperative and changes more frequent. Five new grade teachers, all graduates of Massachusetts normal schools, began work with us last September.

MEDICAL INSPECTION.

The appointment of a school physician in accordance with the provisions of Chapter 502, Acts of 1906, Revised Laws, was a very important step. The physician has made frequent visits to the schools and has examined all pupils showing any abnormal physical conditions. All pupils presenting signs of ill health have been sent home to be treated or advised by their family physician. This inspection has been of great value to the community in checking the spread of contagious diseases. The attention of parents has been called to morbid conditions that would have escaped the unpracticed eye, and prompt treatment has followed in nearly every case. The inspector has examined the sanitary arrangements of the school buildings and advised in regard to the seating of pupils in the class rooms. Parents have generally co-operated with us in carrying out the suggestions of the school physician.

The eye and ear tests have been made in conformity with the requirements of the law. This work was done by the regular teachers. Whenever defects have been found the

parents have been notified and advised to consult a specialist. A number of cases of eye trouble have been treated by oculists with excellent results. Children with defective sight or hearing suffer great physical discomfort, and lose much of the value of their school work. Many a dull pupil has become a bright one through the services of a skilled oculist or aurist. Defects of hearing are much less common than those of sight. Parents should never make the mistake of sending their children to dealers in spectacles to be fitted with glasses. The oculist should be consulted always to find out the exact trouble. Frequently no glasses are required, yet the dealer in spectacles is bound to sell his glasses. Through the courtesy of the school physician the teachers were addressed by an eminent oculist who pointed out the best ways for detecting defects of sight.

The following table gives the results of the eye and ear tests:

Number of pupils tested.....	439
Number with defective sight.....	37
Number with defective hearing.....	11
Number of parents notified.....	28
Number of pupils treated as a result of these tests,	20

MANUAL TRAINING

During the summer a special committee consisting of Mrs. Howe, Mr. Gammons, and the superintendent made a careful investigation of the subject of manual training, and a unanimous report was made in favor of the introduction of manual training into the grammar school. A room in the basement of the Osgood school building was fitted up and supplied with benches and tools sufficient for a class of eighteen. A special teacher was employed to take charge of the wood working, and the drawing teacher was given the supervision of the other work which was to be done under the instruction of the regular teachers.

The following is a brief outline of the course in manual training: Grade I. Paper cutting and folding; measuring, involving inch and half-inch, using rule, pencil, scissors, and tablets; raffia work. Grade II. Paper cutting and folding; measuring, involving half-inch and quarter-inch, using rule, pencil, scissors, and tablets; raffia work. Grade III. Cardboard construction; measuring; freehand cutting; using rule, pencil, scissors, and units of measure; raffia work. Grade IV. Mechanical drawing of plane figures, characteristics of regular polygons, and marking dimensions. Cardboard construction. Cutting, folding, and tying. Using pencil, rule, 45-degree triangle, compasses, scissors, and punch. Grade V. Mechanical drawing. Plane figures, regular polygons, making of working drawings, developments. Cardboard construction, including cutting, folding, and pasting, using rule, pencil, 45-degree triangle, compasses, scissors, and punch. Grade VI. Mechanical drawing, including reading and making simple working drawings. Inventional work. Construction of solids from cardboard. Accurate measurement, and plan making. Grades VII-IX. Sloyd for the boys, and sewing for the girls.

Mechanical drawing is taught in each grade above the third. Plans and designs are worked out carefully before any attempt is made to construct. The work is progressing well, and the pupils show a great interest. The construction work in the lower grades is an extension of the work that has been done in recent years under the direction of the supervisor of drawing, and the regular teachers are able to give the necessary instruction. A special teacher is required to instruct the classes in wood working, and to give directions to the regular teachers who have charge of the sewing. Present needs have been met, and no large expenditure will be required for this department during the coming year.

 ABSTRACT OF STATISTICS.

Population of Cohasset, census of 1905.....	2,727
Number of teachers employed, including supervisors....	19

GRADUATES FROM THE HIGH SCHOOL,

June 19, 1907.

Kenneth Francis Antoine, Ella Louise Bates, Ralph Dudley Bates, Nellie Edith Brown, Marguerite Louise Daley, Magdeline Veronica Grassie, Oliver Chester James, Laura Baker Kimball, Margaret Eliza Lincoln, Ziba Thaxter Lapham, Abbie Wiley Merritt, Clement Carroll Mulcahy, Edward Alititious Mulvey, Gertrude Tower Nichols, Mary Elizabeth Oliver, Ada Margaret Petersen, Charles Edward Thayer.

Post Graduate: Catharine Lyons.

GRADUATES FROM GRADE IX, JUNE 20, 1907.

Mary Ellen Ainsley, William Francis Burke, Ezra Harold Brown, Reginald Robbins Beal, Leon Washburn Chaffee, Alan Cunningham, Henry Carr, Annie Murray Campbell, Helen May Davenport, Ethel Florence Enos, Edward Michael Flemming, Grace May Ferreira, Alice Leonore Grassie, Dorothy Howe, Madge Forrester Higgins, Nellie Florence James, Roberta Frances Kinsley, Grace Helen Kinsley, Thomas Addison Lothrop, Clarence Richard McMahon, Ethel Jean MacKenzie, Dorothy Lothrop Nichols, Nellie Blanche Nickerson, Lawrence Petersen, Ralph Petersen, Alice Sidney, Charles

Warren Stevens, Sargent Fruean Tower, Edward Hennigan Thompson, Florence Maria Thompson, Mildred Olive Tower, Eleanor Ripley Wilbur.

MUSIC AND DRAWING.

A high standard in music and drawing has been maintained in all the schools. The work of the supervisors has been very satisfactory, and the regular teachers have co-operated in securing attention and practice in all the exercises of these two departments. The reports of the supervisors are added to this report, and your attention is called to the more extended statements contained therein.

CONCLUSION.

In conclusion allow me to express my appreciation of the work of the teachers and supervisors, the co-operation of the parents and citizens, and the continued confidence and support of your committee.

Respectfully submitted,

NELSON G. HOWARD,

Superintendent of Schools.

Cohasset, December 30, 1907.

REPORT OF THE SUPERVISOR OF DRAWING.

To the Superintendent of Schools:

It gives me pleasure to be able to report that the spirit, interest, and results obtained from the pupils have noticeably improved during the year. In no case is there any lack of co-operation among the teachers—we have all worked together for thoughtful, well-understood expression in different mediums, using pencil, brush and ink, color, scissors, and crayons, and we have been glad to see a greater degree of neatness and showing of pride in good work.

The drawing course has been changed from time to time to allow the introduction of more problems requiring execution, or the making of things after drawing them. In the primary grades we have work planned and underway for both seeing and doing. We have paper cutting and folding, raffia work, winding, braiding, and weaving. In the upper grades we give problems that include designing, making, and decorating in such a way that lessons in drawing for the whole class make up a result, representing original thought and action on the part of each pupil.

The High School Freshmen Class is doing good work with the pencil, striving for accuracy of expression with a variety of subjects, and occasionally making time sketches in five or ten minutes.

As I have recently had the supervision of a course in sewing for the girls in the three upper grades, it may be of interest to know that they are working with thoroughness and neatness. By the end of the school year we shall have made a good start on the three years' course. This is to be practical and correlated with the drawing and wood-work whenever possible.

The Manual Arts are being emphasized more each year in the curricula of all schools. We try to lead the mind and hand

to work together, and to develop a personal interest in ability to design and create as well as to record impressions.

Respectfully,

MARY ELIZABETH HERBERT,

Cohasset, Dec. 30, 1907.

Supervisor of Drawing.

REPORT OF THE SUPERVISOR OF MUSIC.

Mr. Nelson G. Howard,
Superintendent of Schools.

Dear Sir:

The work in music during the past year has been progressing steadily, and to a great extent satisfactorily, and in all of the schools there has been more or less improvement. Teachers and pupils are much interested and appear to enjoy the work.

Careful attention has been given to quality of tone, rhythm, style and expression, and to the training of the mind without which it is impossible to read music accurately and fluently. Many people who appreciate the value of the study of music in the training of the ear and the voice, and who heartily advocate it as a means for physiological and aesthetic culture, fail to realize its importance as a means of mental discipline. In this respect it is not second to any study in the curriculum. Music reading requires quickness of perception, accuracy of judgment and discrimination; it cultivates and stimulates initiative; it trains the memory. Singing, properly practised, makes for improvement of the voice and in diction; it brings joy into many lives, and not infrequently gives a helpful uplift morally.

In closing permit me to express my appreciation of the generous support of the School Committee and the Superintendent, and the faithful co-operation of the teachers.

Very respectfully,

EDMUND F. SAWYER,

Cohasset, Dec. 30, 1907.

Supervisor.

REPORT OF SCHOOL COMMITTEE.

The following report for 1907, with the financial statement of the Treasurer, is presented to the town by the School Committee. It is accompanied by the report of the Superintendent of Schools, including the reports made to him by the Supervisors of Music and Drawing.

While there have been several changes in the corps of teachers in the grades, these have come entirely at the beginning of the new school year in September when most pupils pass on to the care of a new teacher and a change is not so detrimental as in the middle of a term.

In the second grade Miss Landers, having been offered a more desirable situation nearer home, sent in her resignation and in her stead Miss Rachel Harrison of Newton was engaged. Miss Harrison is a graduate of Framingham State Normal School, 1906, and has had a year's experience in teaching.

Miss Wheeler gave up her position in the third grade to accept a more attractive one in New Jersey and her successor is Miss Esther E. Barnard of Winchester, a graduate of Hyannis S. N. S. and a teacher in Dartmouth for a year or more.

The resignation of Miss Curtis of the fourth grade to take a position in Brockton was followed by the appointment of Miss Dorothy L. Mosher of Waltham as teacher of that grade, and Miss Ida M. Somes of the same place was chosen to succeed Miss Rand in the sixth grade. Miss Mosher and Miss Somes are both graduates of Framingham S. N. S., 1906, and have both taught a year.

In the seventh grade Miss Fisher's place has been filled by the appointment of Miss Ida M. Butler of Ipswich, a graduate of Salem S. N. S., 1904, and a teacher of three years' experience in Essex and Hingham.

Instruction in Manual Training was added in September for the boys of the sixth, seventh, and eighth grades, the girls of these grades being taught sewing in their respective rooms by the grade teachers. This manual training is under the charge of Miss Annie B. Whidden, a graduate of Larson's Sloyd School. She has taught three years in the Free Sloyd School, Hingham.

Early in 1907 Miss Nellie B. Hill, who had been for over five years an assistant in the high school, resigned her position to take one in Springfield. Miss Florence A. Walker, a graduate of Tufts College, 1904, and especially fitted by study abroad for teaching French and German was elected assistant in her place. Before school opened in September Miss Walker sent in her resignation and was soon after married. Miss Bertha Bray of Medford, also a graduate of Tufts, 1904, and the fellow-student of Miss Walker in Europe, was appointed her successor.

The supervisors of music and drawing of last year have continued in office.

As a room was needed at once for the use of the manual training classes, it was concluded to fit up for them the room in the front part of the basement of the schoolhouse which was at one time used as a laboratory. This cost much less than finishing another room in the third story, which was postponed for a while. All that was thus saved in expense was used for needed repairs in the building and replacing the worn-out sanitary apparatus with new. Such seats and desks as were needed in the rooms of the eighth and ninth grades were added, to the number of about forty. The roof has been partially reshingled.

The medical inspection of the schools has proved a very efficient help in judging which pupils, apparently slightly ill,

may remain in school and which must be sent home as in the first stages of serious disease. In the fall scarlet fever was confined to the few families in which it first appeared instead of spreading to others and becoming epidemic. Much benefit has resulted from the examination of eyes and ears, and more is expected as the parents follow more readily the advice of physician and teachers.

The once bare walls of the various school-rooms are fast being made attractive to the eye and helpful to the teachers by the addition each year of copies of good pictures and casts from famous statuary. A fine bust of Vergil, with a suitable bracket, was placed in the high school-room by the graduating class last June. Those who took the business course gave a picture of ships at full sail, probably typifying commerce, to the Commercial room.

In the ninth grade room a photograph of the "Sir Galahad" of J. F. Watts, R. A., was the gift of Col. Thomas Lothrop Chapter, D. A. R., in the spring, and one of the Coliseum by the graduating class of last June.

By the thoughtful bequest of Miss Thayer, who once lived with her sister, Mrs. Lyman Hollingsworth, on Jerusalem Road, three large photographs of classic buildings, the Forum, the Coliseum, and St. Peter's, have come into the possession of the Osgood School. Two of these are hung in suitable places in the hall and one is in the Commercial room.

Our estimate of the amount required to meet the expenses of the coming year is as follows:

For Superintendent	\$750 00
Teachers	11,000 00
Janitors	900 00
Fuel	1,400 00
Repairs and supplies.....	1,500 00
Books, etc.	1,000 00
Medical inspection	200 00

Miscellaneous	600 00	
		<hr/> \$17,350 00

NEWCOMB B. TOWER,
Treasurer and Collector.

TREE WARDEN'S REPORT.

From March 5, 1907 to December 31, 1907.

My work the past nine months consisted mainly in spraying and pruning the trees. I planted only a few trees as I thought it more essential to spend the money in caring for those we have. The suppressing of the Moths has proved such an expense, I have tried to keep the Tree Warden's expenditures as low as possible. I therefore respectfully ask and recommend that the Town raise and appropriate, at its next annual meeting, the sum of \$400.

The following is a list of amounts paid as per bills rendered.

Respectfully yours,

HENRY L. McMAHON,
Tree Warden.

Tree Warden's work from March 10, 1907 to Dec. 31, 1907.

LOCAL SUPT. REPORT FOR SUPPRESSING BROWN TAIL AND GYPSY MOTHS.

From March 5, 1907 to December 31, 1907.

My work the past nine months consisted in removing the Brown Tails from the trees, spraying, burlaping and creosoting Gypsy Moth egg clusters, under the direction of the State Moth Commissioners. In the spring we scouted thoroughly for Brown Tails and the result was that there were very few of them to be seen this summer. The work of spraying the trees was simplified by the purchase of a small power sprayer. I also scraped, cleaned and cemented the trees in about thirty odd orchards.

Respectfully yours,

HENRY L. McMAHON.

Local Supt.

Moth Work from March 10 to Dec. 31, 1907.

REPORT OF THE BOARD OF FIRE ENGINEERS.

To the Selectmen :

Gentlemen :—The Board of Engineers respectfully submits the following report for the year ending December 31, 1907.

The organization and personnel of the Department is practically the same as last year, consisting of 63 members and operating seven pieces of apparatus. The Department has been called to answer 17 alarms during the past year, of which four were of a serious nature and the balance brush or forest fires with one exception, which was a needless alarm. The majority of the serious fires were at the north part of the Town on the Jerusalem road district, and the Company established at that point three years ago prevented serious loss by confining each fire to the building in which it originated.

Numerous repairs and improvements have been made in the apparatus during the past year, the most important being the placing of a safety brake on Hose Wagon No. 1, and the Wagon has been painted and varnished, making it now as handsome and serviceable a piece of apparatus as is maintained in the State. Hose Wagon No. 3 has also been varnished, and through the energy of its company with the assistance of their friends, they have equipped the Wagon with a set of swinging harness of the latest pattern and improvements, making it the most modern and up-to-date Wagon in the Department. We have installed during the past year a "no school" signal, which, together with the necessity for changing a number of our lines on account of the renewal of poles, accounts for the large expenditure charged to the fire alarm account. The new hose tower and fire alarm bell have

been installed on Hose No. 3 house at North Cohasset, and has been of material aid to the Company established there in caring for the fires in their district as noted above. In accordance with the vote of the Town at its last annual meeting, we have installed fire alarm boxes 27 and 52, the expense of which is shown in our financial statement.

We would again respectfully call your attention to the lack of proper apparatus in the center of the Town. Owing to the location of the house at the junction of South Main and Elm Streets it is impossible to get anything other than a small hand-reel in or out of the building. The building is also old and very damp, making an unfit place to store hose or supplies, and we earnestly recommend the erection of a new house in the immediate vicinity and the placing of a modern piece of apparatus therein.

For the maintenance and operation of the Department for the ensuing year, we would recommend the following amounts be raised and appropriated at the annual meeting in March, next, viz.:

For maintenance and operation of the Department.	\$1200
For forest fires.....	300

H. E. MAPES,

and properly vouched. We have also examined the securities in which the funds of the Library are invested.

GEO. W. COLLIER,
EDWARD NICHOLS

Cohasset, Jan. 31, 1908.

Examining Committee.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY.

The detailed report of the librarian which follows will give an accurate idea of the actual service of the library. We desire to speak merely of the general policy of the directors and to indicate the main lines of progress.

The buying of books has, during the past year, been brought under a system which will, it is expected, be of value in securing a symmetrical development of the library. The annual total expenditure is divided among the several departments of literature, according to a standard recommended by the best library authorities. Persistence in this course through a term of years must result in a library better furnished than under a more hap-hazard system, care being taken that no department is over developed at the expense of any other.

It has been decided to establish a juvenile department in the large room at the left of the entrance. Shelves are to be placed here for all juvenile literature and tables and lights arranged for the accommodation of youthful readers. In addition to the manifest advantages of the plan, the stack will thereby be relieved and accommodation secured for 1200 more volumes.

Special mention should be made of the death of a member of our board, and a most generous friend of the library, Mr. Charles A. Welch. His keen interest in the institution was apparent almost to the very end of his long life and was matched by his financial support. Mr. Welch's gift of \$3,000 a few years ago, expended largely under the direction of Rev.

Mr. Cole, has enabled the library to build up many weak departments and to secure many invaluable works of reference hitherto unavailable. Hundreds of volumes will remain as a memorial of this public spirited gentleman.

The Board has steadily aimed to discharge its responsibilities with due regard for the best interests of all the townspeople. It is hoped and expected that the library shall become a model one, in which every Cohasset resident may take a justifiable pride.

Subjoined are the reports of the Librarian and Treasurer.

Respectfully submitted,
EDWARD NICHOLS,
FRANK B. McALLISTER,
For the Directors.

LIBRARIAN'S REPORT.

To the Directors of the Paul Pratt Memorial Library:

The following is a report of the work in the Library for the year ending December 31, 1907:

The Library has been open every Library day in the year, with the exception of three holidays and one day in February, when there was a severe snow storm.

There is nothing new to report in regard to the work, which has been on the same lines as last year.

During the year 17,410 books and magazines were issued, which is an increase of 1,424 over last year. The greatest increase has been in fiction, magazines and literature. History, biography and travel, about the same as last year, while the greatest decrease has been in philosophy and religion, the sciences and arts.

An inventory has been taken of the stacks, and we find the books in very good condition and only four unimportant books of fiction unaccounted for, three adult and one juvenile.

Gifts of books and magazines have been received from John

Albree, Mrs. J. M. Clark, Mrs. Edward Hanlon, Rev. G. A. Hathaway, George Jason, Jr., Mrs. G. H. Preston, F. J. Salvador, R. W. Sankey, Margaret Stevens, C. A. Welch, Mrs. H. Young, Thomas Lothrop Chapter, D. A. R., State and Government.
